time—that local knowledge and experience were not to be found in combination with other necessary qualifications -was entirely absent in this instance. But in these matters the convenience of the Colonial Office, always takes precedence of the interests of the Colony. It is, however, a consolation to know that in sending Mr O'Brien the Colonial Office has sent a man who, as His Excellency said yesterday, has an unblemished reputation as a most capable. hard-working and conscientions officer. We have not the slightest doubt that regard to the business before the Council it may be noted that Mr Whitehead's final fling at the vote of £3928.7.11. the balance due to the War Department out of a sum of £116,000 voted for defence works, could not be expected to make any difference in the In ordering it is only necessary to state attitude of the Council, the matter being settled at the meeting of the Finance Committee, but Mr Whitehead is both consistent and persistent, and therefore took the opportunity to put on record once more his sound and reasonable objection to the demand of the Military Authorities. It is to be hoped that the question of which the hon, member gave notice for next meeting, with reference to a somewhat Phigmatic remark in the Acting Harbour Master's report on the Junk Trade 50 of the Colony for 1891, will be answered in the fullest possible manner . The bald statement that "the only controll-0.60 able causes of the depression of the Junk trade are the suppression of the system of espionage established by the Chinese Customs in Hongkong, and the preservation of the neutrality of British waters, ought not to be allowed to pass without some explanation. If it has any meaning it is important that the Colony should know definitely what that meaning is. Mr Chater has lifted a load from the mind of the Colony by his question regarding the reported appointment of the Acting Harbour-master as Acting Postmaster General, and His Excellency's assurance that he did not intend to do what would be so very much like putting a square man in a round hale would be read with a sigh of relief. What to do with Commander Hastings has been more or less of a problem since the time he arrived in the colony, and it is not to be solved by putting him in the Postoffice. The discussion which took place on the Ordinance to make further provision for the issue of night passes for Chinese was in some respects an interesting one. cussion which the Attorney General referred to as a digression from the special point at issue. There could not be any doubt that the preponderance of opinion was against the proposal to 2.50 charge so high a fee as four dollars for a deplicate nonual pass or two dollars for a duplicate quarterly pass, in the 0.75 event of the holder losing the original, and this fact was readily recognised by His Excellency the Governor, who had 0.75 the case on behalf of the Chinese out very clearly and ably before lim by the Registrar General and Dr Ho Kai. 0.75 Apart from the question as to whether the time has come for abolishing the restriction which the necessity for obtaining these passes imposes on the Chinese-a question to which the law-abiding Chinese them-unanimous negative ir would be a great mistake to make the restriction more irksome than is absolutely neces-

require some slight modification. The Pé Léung Kuk Society considers the site will be in every way suitable for the purpose of a Home, and it is conveniently situated for those who are interested in the work of the Society. A plan of the building which it is

proposed to erect is attached. If there is no objection on the part of Government to the granting of the site. and if the plan of the building is approved

WAYS AND MEANS.

With regard to the financial aspect of he matter. I would point out that according to Ordinance 11 of 1890, the Women and Girls Protection Ordinance, it was evidently the intention of the Legislature that a Home should be provided out of the public revenue, and that the persons ledged in it should be maintained at the

Section 17 of that Ordinance seems clear on that point :- 'It shall be lawful for the Governor in Council, out of moneys to be provided by the Legislative Council for that purpose, to provide a suitable building or buildings for the purposes of temporarily housing and maintaining women and girls detained under the provisions of this part of the Ordinance and as the, Asylum or them during such detention.

I should also mention that at Singapore and other places in the Straits Settlements, where Homes have been established under the Women and Girls Protection Ordinance, the cost of the building and the expenses of the upkeep have been and are peing defrayed out of public moneys, and no subscription, like that raised in Hongkong among the Okinese, to which reference is made in the petition from the Straits in aid of the Homes there.

Home having been thus affirmed by the Logislative Council and embodied in one of such assistance should be given.

As is pointed out in the petition from the Committee of the Po Leung Kuk, a subscription in aid of the Society was started among the Chinese community about the beginning of last year, and, not.
